• College receives Academic Calendar from the affiliating University before the starting of each new academic session where different dates are specified, viz., starting date of admission , date for commencement of class , dates for internal and final examinations, dates for form fill-up, etc. College schedule for different examinations, workshops, competitions, parent - teacher meeting etc. are prepared by taking into account this University Calendar. • On the very first day of First Year class, Principal of the college along with other Teachers, address the new entrants batch by batch and communicate to them the mission, vision and objectives of the college, the rules and disciplines of it, the academic, career oriented and personality building facilities they can avail during their next three years of staying in the college . • The lesson plan for full syllabus of each subject (College Academic calendar) is prepared each year before beginning of new academic session and later on distributed among the new students, from which students get their syllabus and also the distribution of term - wise topics of syllabus to be taught by individual faculties of each department, for their coming years of study. • The Class-Routine Sub-Committee of college prepares a Master Routine for all courses, where all the Theory and Practical classes are allotted by names of the faculties with room numbers mentioned. Uploads it in the official web-site of the college, also hard -copy is made available for use by the students and the teachers. • Whenever possible teachers arrange Extra classes for more intensive coverage of subject topics. Weak learners are special attention. • Faculty maintain good student - teacher relationship for lively environment in the class rooms. Two Libraries and Departmental Seminar Libraries are available in the college to cater learning resources to faculties and the students. • Librarian of the college take Library Orientation class for the new students to guide them about how they can utilize the vast stock of knowledge, waiting for them. • For making the teaching-learning

Maintenance of the college is the prior provision to college authority. The premises 01(Main Building) and 02(Annex Building) of the college are shared with two other sister colleges. Maintenance of these premises are done in consultation with the other colleges through the passage of Co-ordination Committee (of three colleges-Maharaja Manindra Chandra College, Maharani Kasiswari College and Maharaja Srish Chandra College), and the expenses for the same is shared equally by these Colleges. The separate building (i.e. Science Building) of the college as well as the Girls Hostel is maintained independently. The Governing Body of the college with the help of the building committee (that includes the principal, the Bursar, few teaching and non teaching staff) undertakes, coordinate and supervise all programs of development and maintenance. The Teachers' Council is responsible for the general cleanness of the Staff Room and Canteen. The students' Union helps to maintain the Students' Common Room, Gymnasium etc. Regular meetings among the faculty members and students in the presence of the principal helps better coordination, allow prompt incorporation of suggestion and overall improvement of the quality of life within the premises. Above noted curriculum takes oxygen to furnish itself by college's strong mechanism having following stages > a) For routine maintenance of the civil structures of the college we engage civil contractors who keep on adding to the existing infrastructure or maintain the structure that needs upkeep under the supervision of a qualified engineer. b) Our Electrician/Caretaker supervise to the upkeep of all electrical equipments, generators etc. at least once in a month. CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The college follows an active pattern of decentralization and participative management. Staff members along with invited guest members have made these practices successful during the last one year. IQAC, NSS, NCC, Hostel Management, and Alumni Management are some of the decentralized and participative activities that are worth mentioning. • The IQAC ensures that it works towards the institution's realisation of the goals of quality enhancement and sustenance. The committee has external members for peer review of all the resolutions taken in the college. Together with the external members, the college representatives of the IQAC committee ensure promotion of holistic academic excellence. • The college also has a very active NSS committee that has widespread reach in community service. Several activities have been taken up- from visiting orphanages, to old-age homes, distribution of medicines, organisation of Thalassemia camps in the college premises, students and faculties actively take part in the NSS programmes. Experts from various fields are also invited as guest speakers to enrich students and faculty alike on various aspects of social-services. • NCC is actively promoted in the college. Our NCC cadets have represented the state in several national level events. They have further joined the police forces and security forces after successful completion of college. • The college takes pride in providing hostel accommodation to girl students who have enrolled in the college and are not from the city. Our non-teaching staffs have often been appointed as hostel wardens. The Hostel management committee ensures that students are provided

with all the basic amenities in the hostel and proper discipline is maintained in the hostel premises. • There is an active alumni network in the college. Alumni meet is organised by the college. Here-in students are invited to come and interact with our present students and faculty members. Strategy Type	Details
	Our college is affiliated by University of Calcutta, so, the curriculum is solely designed by the university after discussion in its Board of Studies (BOS) meetings. Our institute has a very little scope to design internal curriculum for its own. However every department has its own academic calendar/module to run and complete the syllabus. The College has a good number of representatives in the BOS in different subjects. Moreover the faculty members of different departments are invited to interact at the workshops periodically conducted by BOS of the University regarding the modification of the existing courses.
Teaching and Learning	Teaching-learning- avenue, in our college is an example of well- orchestrated effort of the teaching faculty, the students and the office administration. Admission of students is strictly done on merit basis following the rules and regulations as uploaded from the desk of affiliating university and the government of west Bengal. As the college does not have the liberty to furnish its own courses and syllabus, combination of subject to be offered to the students, etc, therefore the scope for innovation is limited only to the type of fieldwork, and extension activities that are initiated in the college for the students. Traditional chalk and talk method is mixed up judiciously with the modern teaching aids. Eminent experienced teachers from different Institution, colleges and universities are invited to take special lesson in the various departments. Students of vocational subjects participate in on- job training programmes as a part of

	<pre>the syllabi. Accessibility to free Wi- Fi facility in the college helps them to access online educational resources. Enrichment of the departmental libraries has increased their accessibility by the students. All departments organise students' seminars, quiz contests, group discussions and workshops.</pre>
Examination and Evaluation	Evaluation methods are communicated to students at the beginning of each academic year. The college follows the University pattern of the annual examination (Part I, Part II, and Part III). Department of Commerce has started initiating its process to shift to the semester system as per the new University guidelines. a) Yearly Examination System: The various components of the yearly examination system is informed to the students through the prospectus. The college ensures that the students are well prepared for the annual examination by conducting class tests, mid-term examination and test examination. Students are also asked to submit project works for subjects like TTMV, Sociology, Geography and Education. Once the results are announced, students are shown their answer scripts. A parent-teacher meeting is also conducted so that there is a healthy exchange of opinions between parents and teachers. b) CBCS system The college is affiliated to the University of Calcutta. Since the University has proposed to shift to the CBCS system, department of Commerce of MKC is also gearing up to convert to the CBCS system with effect from 2017-2018.
Research and Development	The college being an undergraduate college, scope of research and development is quite streamlined. However, faculties have an active participation in promoting research and development. The college also ensures that facilities are provided to encourage teachers to carry out research and development. Some of the facilities provided are as follows: • Project work has been incorporated in some departments. • Departmental laboratories are well equipped • Computer facilities are available • The library provides INFLIBNET facility.

	This enables teachers to access some of the best E-journals. • The college also provides Wifi (Internet) to teachers. Faculty members are always motivated to apply for funding from UGC and other agencies to undertake major and minor research projects. As a result a number of faculties of the college have been opting for Minor Research Projects (running project) to develop research friendly atmosphere in the college: Sudipta Ghosh - Department of Commerce - UGC Minor Project - Duration:- 27/02/2015 to 26/02/2017 - Amount Rs. 1,85,000/-
	The college has fully furnished central library. Each year more than 1000 students enroll themselves to avail the library services. To meet the needs of the library user's library staff have started on-demand book requisition register. Each and every academic department has their own seminar library. Usually, all departmental heads are the custodians of this library. ICT and physical infrastructure/ instrumentation: Infrastructural facilties in ICT in our college are listed below: • Partial online admission system • LAN facilities • Internet facilities • Computers and Laptop • Xerox machine • Printer • Overhead projector • Microphone • Digital camera Physical Infrastructure • The main building of our college premises is shared by other two colleges. The planning of any new construction/ renovation/ repair is mainly proposed and sanctioned by coordination committee • The College exclusively owns a Science building and a Girls' hostel.
Human Resource Management	Human Resource Management commonly referred to as 'Staff Pattern' for Teaching and Non-teaching staff is sanctioned and approved by the Higher Education Department of the Government of West Bengal. The larger share of Human Resource Management is catered to adhering to the statutes of the Higher Education Department. Therefore, most of the substantive teaching posts are filled up on a regular basis as per the recommendation of the West Bengal College Service Commission. This is done to fulfill the 100-point roaster monitored by the Backward Class Welfare

	<pre>section of the Government of West Bengal. Further augmentation takes place through the recruitment of Government approved Contractual Whole Time and Part Time Teachers (This is generally done based on the requisition of the respective college departments). However, the dearth of sanctioned substantive posts necessitates the induction of Guest faculties in various departments for justifying the teaching- learning process. There are several sub- committees that ensure the proper management of Human Resources on a more internal level. Leave committee ensures that the leaves (CL, EL, DL, Others) are well calculated and recorded for all the staffs of the college. The college also ensures that both teaching and non-teaching staffs are encouraged and permitted to attend various Development Programmes as defined and acknowledged by UGC/ the affiliated University.</pre>
