## **Food & Nutrition Department**

### **Report on Internship in Hospitals & Nursing Homes**

#### **Academic Year : 2018-19**

Internship of students is a part of the curriculum of 3<sup>rd</sup> year students of the Dept. of Food & Nutrition. The students carry out their internship in various hospitals and nursing homes for a period of 15 days to 30 days, depending on the time period allotted by the respective hospital. The students prepare a project report which on case studies of patients and also give a detailed description of the hospital, its functioning, the kitchen and the staff organization. They learn the way a dietician works in a real setting. This experience not only helps them to understand how a dietician works in a hospital, in coordination with the medical and paramedical staff and also learns the therapeutic principles of many diseases practically.

**The total number of students who went for the internship is 54**

The hospitals and nursing homes where they carry out their internship include:

- Belle Vue
