

Field Report

Maharani Kasiswari College

Department of Geography

2022

The educational excursion is a part of fulfillment of University of Calcutta B.A/B.Sc Semester V (Honours) under CBCS syllabus. This field trip to Pelling, West Sikkim was conducted during 11.05.2022 to 15.05.2022. This field trip was conducted under the supervision of three teachers, Prof. Soha Hossain, Prof. Riyanka Chatterjee and Prof. Avik Kumar Bayen. The main aim of the field report was to show a correlation between the physical and socio-economic aspects of the region. Socio economic survey, traffic survey, hotel survey, land use survey, contour planning by dumpy level was done to establish the relationship between above mention two. The surveys were conducted under the supervision of departmental teachers. The selected study area was Darap Village, Gyalshing West Sikkim. Total 21 students have participated in this compulsore field trip. The title of the field report was Physical and Socio-Economic Dynamism of Darap Village, Gyalshing Subdivision, West Sikkim, India

Purpose of The Field

Field learning plays a leading role in the subject of Geography. Fieldwork is widely regarded as an essential part of undergraduate education in Geography and lectures generally agree that it represents one of the most effective and enjoyable form of teaching and learning process for both student and teachers. This Field learning provides the opportunity to experiment with the wide variety of different modes of course delivery and have a valuable role as a vehicle for the integration of many theoretical and practical concepts taught within a geography degree. Field experience is also seen as vital for the development of students as qualified practitioners in all aspect of geography. This field learning process in practice provides a unique opportunity to deepen the knowledge about the social work profession through active participation in it. Throughout the practical experience by students are able to work with actual field learning in social work education.

This report provides the Geist of Darap Village, Gyalshing subdivision, west Sikkim India. Every activity performed every data taken every site visited and every difficulty faces and each and every result of such site visit are orderly maintained in this report. The sketches of each and every site along with their photographs the location of the site, the observations made and the finding of the site including the techniques used.

Outcome of the field:

In Darap village of West Sikkim, the correlation between physical and social aspect has been established, and it has been found that the impact of growing economic activities by the dwellers of the village affecting the nature and natural resources adversely. The tourism activities are growing very rapidly thus deforestation, over utilization of natural resources such as land and forests also depleting. Besides that the tourism activities also a reason for pollution. Opportunity for Higher education such as high school or college is not found and medical facilities is limited in the village.
