NO OF TEACHERS : 22

OBJECTIVE: To give a brief knowledge about changing river course and its impact on river bank cities. Also to give a broad view how fluvial geomorphology influence urban morphology.

SUMMARY: The Special lecture session was inaugurated with a promise to keep our mother Earth green by “Watering of Plant”. The oath was taken by our beloved Principal Madam, our HOD sir and the honourable guest Dr Banyopadhyay.

Followed by an enlightened lecture on Cities by an oscillating river: Ganga and the Medieval capitals of Bengal by Dr. Sunando Banyopadhyay. The special lecture was very informative and interesting as the lecture based on archeological perspective along with geographical knowledge.

At the end there was an interactive session with Dr Sunando Banyopadhyay and students.

OUTCOME: The entire session was very insightful and engrossing. Students were able to understand that the river changes its course with time and the changing course influence the human habitat and urban morphology.
