

The SC/ST/OBC/BPL Cell of our college is dedicated to promoting the socio-economic, educational, and cultural development of the students belonging to Scheduled Castes (SC), Scheduled Tribes (ST), Other Backward Classes (OBC) and Below Poverty Line (BPL) categories. These communities have historically faced social discrimination, economic disparities, and limited access to educational and employment opportunities. Our mission is to ensure that they receive equal opportunities, fair treatment, and the support necessary for their overall progress and empowerment.

This cell serves as a resource center for all individuals and organizations seeking information, guidance, and updates on the welfare schemes and policies that support SC, ST, OBC and BPL communities.

Key Features

1. Learn about various government initiatives, scholarships, and welfare programs specifically designed for SC, ST, and OBC communities. These include financial assistance, skill development, educational scholarships, healthcare support, and more.
2. Understand the reservation system in India that provides for fair representation and opportunities in education, employment, and public services for SC, ST, and OBC individuals. We provide detailed guidelines and eligibility criteria for availing these benefits.
3. Explore resources and guidance on scholarships, internships, job placement services, and career counseling tailored to SC, ST, and OBC students and professionals.
4. Stay informed about the issues affecting SC, ST, and OBC communities, including ongoing legislative changes, social justice programs, and advocacy efforts aimed at ensuring equal rights and opportunities.

Objectives

- The SC/ST/OBC/BPL Cell envisions a society where individuals from SC, ST, OBC and BPL communities have access to equal opportunities and can participate fully in the socio-economic development of the nation.
- We strive to eliminate discrimination, ensure social justice, and promote inclusivity through educational, economic and social reforms.
- Our commitment is to create a platform that facilitates access to information, promotes awareness and helps individuals take full advantage of the rights and resources available to them.
